

Certificate of Achievement

to confirm that

PRIMA FOODS UK LTD

have planted

128

trees this month to demonstrate their long-term commitment
to helping the environment.

Since becoming a Green Organisation member

PRIMA FOODS UK LTD

have planted a total of

375

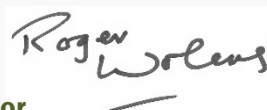

trees under the auspices of GiftTrees
and the Trillion Tree campaign launched by the United Nations

The trees are planted where the need is greatest
around the world to provide the following benefits:

FOOD, FUEL, SHELTER, FARMING OPPORTUNITIES, WILDLIFE HABITAT,
ABSORBING CARBON DIOXIDE, PREVENTING DESERTIFICATION, EDUCATION, ETC.

The Green Organisation would like to thank
PRIMA FOODS UK LTD
for your effective and ongoing commitment to helping
improve the environment for generations to come.
Congratulations on your achievements thus far.

Roger Wolens
Founder/Managing Director
The Green Organisation

30th September 2024

THE GREEN ORGANISATION
began in 1994. It is an independent, international,
non-profit, non-political environment group
dedicated to recognising, rewarding and promoting
environmental best practice around the world.
Their Green Apple Environment Awards are
presented every year in the Houses of Parliament,
Palace of Westminster, London. They organise
the Green World Awards in a different country
each year, and their annual Green Book of
reference on environmental best practice is
distributed free of charge around the globe.
